- (a) Failure to start work by date specified for completion. Permit will be cancelled unless permittee desires an extension of time, in which case a supplemental permit may be issued.
- (b) Work started and not completed by specified date. Permittee will notify Township, prior to expiration of allotted time, of inability to complete the work on or before the date specified and request an extension of time. Such request shall be accompanied by the prescribed fee.
- (c) Permittee not desirous of carrying our proposed work on account of change in conditions affecting it. Permittee will notify the Township prior to the date specified for completion that work will not be carried forward, returning the permit with such notice. The fee for inspection of the work will be refunded by the Township, provided that they have been notified of cancellation prior to the expiration date.

The fees to be paid under the conditions in (a), (b), and (c) apply only to permits for which fees are collected in accordance with the fixed schedule.
