

New Sewickley Township

Newsletter

FALL 2023

A MESSAGE FROM THE BOARD

We would like to thank the Recreation Board for another year of hard work and dedication to our township. It was a successful summer season with movies, bands, and Community Day. The endless hours these volunteers put into planning and organizing the activities do not go unnoticed. If you have not participated in the events at the park, please make sure you stop by next year! The Recreation Board along with the Police Department are busy planning Trick or Treat Trail. This is a fun and safe way for children to participate in trick or treat. If you would like to help hand out candy, you may set up a table or donate candy to help with expenses.

Our Road Department spent their spring and summer season repairing and maintaining our township roads. They paved Mabel Avenue this summer and will be paving Brunner Road in the fall. Various roads were also tarred and chipped. They also performed some stormwater management on several roads to help with the water run-off. This crew of five put in hard days keeping our township roads maintained, please thank them the next time you see them. We replaced two of our older trucks this year and expect to receive the new trucks sometime this fall. The guys are beginning to prepare for the winter season. During inclement weather please drive carefully and be patient. We have 50 miles of township roads to clear.

Chief Carney and the Police Department continue to secure grants. The New Sewickley Police Department received reaccreditation in June. This is not a small achievement and the officers work continually to meet the necessary requirements. We are grateful for these fine men and women who keep us safe in our community.

We are pleased at how well Manager Leindecker has transitioned from Police Chief into the Manager role and is continuing his efforts at securing grants for the township. He works well with our residents and employees and continues the open door policy that has served the township well over the years. If you have any questions or concerns, do not hesitate to call the municipal office to speak with Manager Leindecker or any other member of the staff.

It is our pleasure to serve as your elected officials. New Sewickley Township means a great deal to all of us and we want the best for ALL of our residents. Thank you for your continued support.

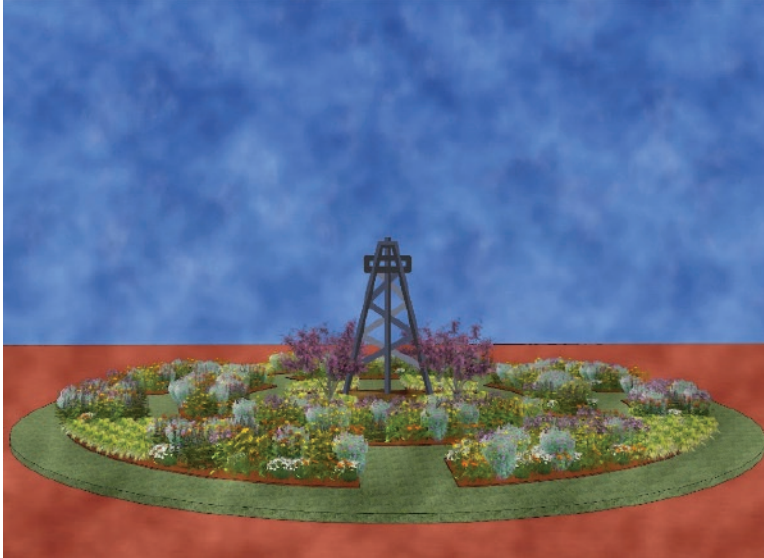

Respectfully,

Greg Happ, Chairman
Doug Martin, Vice-Chairman
Fritz Retsch, Supervisor
Mike Phipps, Supervisor
Martin, Bonzo, Supervisor

TRAFFIC CIRCLE GARDEN – CALL TO ACTION

Our new traffic circle at the intersection of Freedom Road and Rt. 989 needs some beautification. It is one of the main entrances to the township and reflects us, our community, and our history. Plus, it is the literal center of the old historic Wallace City.

A small ad-hoc committee has been set up with the intention of putting a garden in on the site. The garden has been designed to be self-sustaining, since the site has no access to water and is not in a location with easy foot traffic accessibility. We think a Pennsylvania native garden filled with plants that flower and thrive in our poor soil is the best and most affordable

solution. These plants will self-seed, meet the height requirements of PennDOT and create a pollinator haven within the township. In addition, we would like to place a stylized oil derrick in the center of the garden to pay homage to the oil boom town of Wallace City, which at one time built wealth for the township and is an integral part of our history.

The garden is planned as a series of concentric circles with site ways between beds and four eastern redbud trees surrounding the center where the oil rig will be placed. A watercolor rendition of the garden is shown above.

The project was originally envisioned by New Sewickley Township Police Department, who reached out to several people in the township and formed a small ad hoc committee to bring it to fruition. The current ad hoc group of volunteers are as follows: New Sewickley Police Department, Mitsubishi Electric, Township Manager, Dave Thompson, James “Jyme” Bailey, and Abby Dowling-Pieta

We invite township residents to make donations, either monetarily, with services, or just simply volunteering to help when we plant. We could use the services of a surveyor to make sure the garden beds are sited correctly.

Let’s come together as a community and make something beautiful!

KEEP OUR KIDS SAFE – PLEASE FOLLOW SCHOOL BUS SAFETY LAWS!

A new school year has begun and we are sharing the roads with school buses. Know and follow the PA School Bus Stopping Laws:

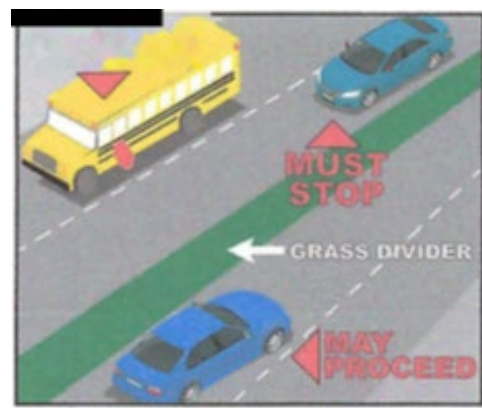

- When you approach a stopped school bus with red signal lights flashing and stop arm extended, you **MUST STOP**.
- When you approach an intersection where a school bus is stopped with red signal lights flashing and stop arm extended, you **MUST STOP**.
- You **MUST STOP** at least ten (10) feet away from the school bus.
- You **MUST WAIT** until the red lights have stopped flashing and the stop arm has been withdrawn before moving.
- **DO NOT MOVE** until all the children have reached a place of safety.

PA Laws for separate roadways:

Physical barriers include concrete Median barriers, metal median barriers, Guide rails, etc.

Clearly indicated dividing sections include trees or shrubs, rocks or boulder a stream, grass, etc.

If In Doubt, STOP!

YECK FARMS

Yeck Farms located on Baker Road in New Sewickley Township is a 4th generation farm. The old homestead was originally on Wolfe Run Road. In 1954, the Yecks purchased the farm on Baker Road. Approximately 26 years ago, Mrs. Yeck began selling cornstalks and pumpkins from their porch, later grew into a small building on the farm, and 10 years ago grew to the point of needing a new building closer to the activities offered at the farm. Three years ago, Roy and Vicky Yeck decided it was time to retire and turned the business over to their two children, Andy Yeck and Jessi Drutarosky.

Today the Yeck Farm is still family friendly as well as affordable. The farm, store, and activities are run by ten adult family members as well as the younger children, who always do their part. They do not hire any outside employees. Everything at Yeck Farms is done with that good ol' family pride. The Yecks never want to lose the old-time feel of visiting their farm.

There are shelters available that can be rented in two hour time slots. In the summer season, they sell corn on the cob and fresh vegetables. Fall has so much to offer. You can purchase pumpkins, gourds, straw, Indian corn, cornstalks, and they have a very quaint shop to visit as well. There are many activities to be enjoyed by both the young and old! Visit the baby farm animals and don't miss out on saying hello to the infamous Conrad the Donkey! Take a walk through the corn maze and the children can find their way through a hay

tunnel. Hayrides are offered for a minimal fee on the weekends. Something very unique about the hayrides that the Yecks take great pride in, they are wheel-chair and handicap accessible. The day after Thanksgiving through December 23rd brings Christmas at Yeck Farms. Experience the fun of looking through the selection of fresh cut trees, wreaths, swags, and assorted decorations. Santa will even be visiting the farm the 1st and 2nd weekends in December!

Please make time to stop by this beautiful New Sewickley farm business. I promise, you will not be disappointed and will likely make it a family tradition, just as the Yecks have made their farm.

We will highlight one of our township's farms in each of our newsletters. If there is a farm you would like to see recognized, please email secretary@newsewickley.com with the information.

POLICE GRANTS AWARDED!

The New Sewickley Township Police Department has been awarded funding from two grants this year. In January, the New Sewickley Township Police Department received funding from the Pennsylvania Commission on Crime and Delinquency grant, in the amount of \$126,528.00, to purchase new computers for the police vehicles and to improve the departments record management system.

In March, the New Sewickley Township Police Department was awarded \$200,000.00 from the Local State Assistance Projects. These funds will be used to purchase five new police vehicles.

The New Sewickley Township Police Department received a grant in the amount of \$17,865.49 from Energy Transfer, to purchase solar power stop signs and solar power flashing speed limit signs. These signs will be placed throughout the township to make drivers aware of their speed and to remind drivers to stop completely at an intersection. The goal of the New Sewickley Township Police Department is to purchase the equipment to improve the primary mission of the police department to reduce the number of accidents within the community, resulting in community safety.

Fall Fest with New Sewickley Township Police Department

The New Sewickley Township Police Department had a fun-filled afternoon of s'more making, pumpkin painting, and hayrides while enjoying the beginning of fall at Yeck Farms.

In previous years, our community has come together for "Coffee with a Cop". While this tradition has been widely appreciated and anticipated, we wanted to switch up the atmosphere and enjoy fall festivities together instead! The event was free to the public, and there was something to do for the whole family!

We thank you for your continued support and enjoyed seeing you at Yeck Farms!

WHAT IS STORMWATER AND HOW CAN I HELP?

Stormwater is water from precipitation that flows across the ground and pavement when it rains or when snow and ice melt. The water seeps into the ground or drains into storm sewers. Stormwater becomes a problem when it picks up debris, chemicals, dirt, and other pollutants as it flows or when it causes flooding and erosion of stream banks. Stormwater travels through a system of pipes and roadside ditches that make up storm sewer systems. It eventually flows directly to a lake, river, stream, wetland, or coastal water. All of the pollutants stormwater carries along the way empty into our waters because storm water does not get treated.

Pet wastes left on the ground get carried away by stormwater, contributing harmful bacteria, parasites, and viruses to our water. Pick up after pets and dispose of their waste properly. No matter where pets make a mess, in a backyard or at the park, storm water runoff can carry pet waste from the land to the storm sewer system to a stream.

Vehicles drip fluids (oil, grease, gasoline, antifreeze, brake fluids, etc.) onto paved areas where stormwater

runoff carries them through our storm drains and into our water. Properly dispose of hazardous substances such as used oil, cleaning supplies and paint. Never pour them down any part of the storm system. Dumping car fluids into storm drains or on a street is like dumping them into a pond or river.

Chemicals used to grow and maintain beautiful lawns and gardens, if not used properly, can run off into the storm drains when it rains or when we water our lawns and gardens. Recycle or properly dispose of toxic products, including pesticides, paint, solvents and used oil. Do not pour them onto the ground or into storm drains. Use green products whenever available.

Install innovative storm water practice on residential property, such as rain barrels or rain gardens, that capture stormwater and keep it on site instead of letting it drain away into the storm sewer system. Additional information can be found at www.dep.pa.gov or www.epa.gov

DO I NEED A PERMIT FOR THAT?

I am putting in a swimming pool, do I need a permit?

Yes! Both above and in-ground pools require a permit. Pools require both a zoning and building permit. Even a small temporary pool requires a permit the first year, if there is a pump requiring electric. However, any prefabricated above-ground pool less than 24" in depth does NOT require a permit!

I am putting a new roof over my deck/patio that will be attached to my house, do I need a permit?

Yes! If a roof will be attached to your home, you need a building permit.

I am replacing the shingles on my roof, do I need a permit?

No! The only time a permit is required is if you will be removing the boards under the shingles or changing the structure of the roof.

I am paving or placing concrete on my stone or dirt driveway, do I need a permit?

Yes! If you are on a township road, please fill out a driveway permit. There is a \$30 fee. Our manager and road foreman will plan to meet with you or your contractor to ensure the new driveway will not cause dangerous water run-off on the township's road. If you are on a state road, you will need a PennDOT HOP. If you are putting in new driveway in where one did not exist, a permit is required.

I am putting up an accessory structure, do I need a permit for that?

Maybe? If your accessory structure is under 200 sq. ft, you are not required to have a permit; however, the set-back requirements must be followed. Anything under 1,000 sq. ft. will require a zoning permit (\$30.00). Anything over 1,000 sq. ft will require both a zoning and building permit.

**This information is for residential properties only. Please contact Owen Pella for questions regarding commercial property. Zoning/Building and driveway applications can be found on our website www.newsewickley.com, stop in to the office, or email secretary@newsewickley.com to request an application. If you have questions on the building/zoning permits, you may contact Owen Pella, Pella Consulting at pellconsulting@gmail.com*

NEW SEWICKLEY TAX NEWS

New Sewickley Real Estate/Fire Protection Taxes

The 2023 New Sewickley Township Real Estate tax bills were mailed the first week of March and didn't show an increase over last year's bills millage-wise. The Fire Protection part of the tax bill also did not show an increase and remains at 2 mills. As has been the case, the 2 mill tax for the supplementation of the Township's two volunteer fire departments is included in the "TOTAL DUE" portion of the bill. This tax was passed by the Township's Board of Supervisors several years ago and has been included on the bills since that time.

Freedom Area School Taxes

The 2023 School taxes were mailed June 30th. The millage did show an increase this year. Millage was 70.9 for 2022. For 2023, the millage is 72.9.

If a mortgage company does not pay your taxes from an escrow account, and you did not receive a bill, please contact the tax office immediately. Absence of a bill does not absolve one from payment, per tax laws.

Due to banking requirements, it is mandatory that checks be made payable to New Sewickley Township Tax Collector. The Township and School District have separate bank accounts to which your checks are deposited. You must write a separate check for all township and school payments.

Cash payments are also accepted as well as money orders. Credit card payments are not accepted by either the township or the school district due to the fees that would be charged for their use.

Office hours are as follows:

November- February – Tuesday and Wednesday 9:30 – 3 p.m.

March-April

July-August – Tuesday, Wednesday, Thursday and Friday 9:30 – 3 p.m.

2024 Tuesday Evening Dates: TBD

May-June

September-October – Tuesday, Wednesday and Thursday 9:30 – 3 p.m.

How to make payment:

1. **Mail-** You can pay your taxes by mailing in the top of your bill along with payment. If a receipt is requested, please include a self-addressed stamped envelope along with the bottom part of the bill and it will be returned with a receipt. Address is 233 Miller Rd Rochester PA 15074
2. **In Person-** Pay in person at the office during the hours listed above.
3. **Drop Box inside Municipal Building-** There is a secured drop box attached to the office desk which can be utilized to drop off payments anytime the Municipal Building is open (M-F from 8-4) all year long.
4. **Outside Drop Box-** There is a locked and secured drop box outside by the regular mailbox. It is white in color and in front of the Road Dept Building. It is checked every weekday.

TRICK-OR-TREAT TRAIL

Saturday, October 28th

The New Sewickley Township Recreation Board, in conjunction with the New Sewickley Township Police Department, will hold the annual Trick-or-Treat Trail on Saturday, October 28th. The Trick-or-Treat Trail is part of the Police Department's efforts and commitment to keep the children of the community safe. The purpose of this event is to provide a safe alternative to Trick-or-Treating in our rural community.

Bring your little ghosts and goblins to Green Valley Park on Saturday, October 28th starting at 5:00 p.m. until 7:00 p.m.

VOLUNTEERS ARE NEEDED! Parents and members of our community are needed to sit along the trail to hand out candy as the children Trick-or-Treat. Please plan to arrive by 4:30 p.m. to allow time to set up. Anyone who is unable to attend and would like to drop off candy donations, can do so Monday through Friday at the Township Building. Candy donations will also be accepted the evening of the Trick-or-Treat Trail.

Township Trick-or-Treat

Our township Trick-or-Treat will be observed on Tuesday, October 31st from 6:00 - 8:00 p.m.

*The Board of Supervisor's Agenda meeting on October 31st will be held at 9:00 a.m. to accommodate Trick-or-treat

SAVE THE DATE!!

The annual Easter Egg Hunt at the Grange will be held on March 23rd at 11:00 a.m. The event is for children 10 years and under!

November 7th is the Municipal Election

Let your voice be heard - and get out to vote!

Election Day Take-Out **SOUP & PIE SALE**

Nov. 7th: Pick-ups 12PM - 6PM

Hosted by Big Knob Grange

\$7 Quart Soup

As summer draws to a close and we enter the fall season, your township Fire Departments would like to update you on our recent, current, and planned activities and operations.

First, we would like to thank our residents for their continued generosity and strong support of our fundraising activities to date in 2023. This includes the Big Knob VFD gun bash, Pine Run VFD spring open house and fundraiser raffles, the annual letter donation campaigns for each department, and the joint Big Knob/Pine Run VFD 50/50 raffle at the Big Knob Grange Fair.

The departments also wanted to thank everyone who visited with us at the community events this year: New Sewickley Township Community Day, National Night Out at Green Valley Park, and the Big Knob Grange Fair. It is rewarding for the membership to be able to visit with and get to know the residents we proudly serve.

There are a couple of major projects underway in the departments. Big Knob VFD is in the final planning/permitting stages for a new addition to their fire station. Construction is anticipated to start this fall. Pine Run VFD is anticipating delivery of a new squad vehicle for the fleet within the next month. Pine Run VFD would also like to thank the township Supervisors for their support in completion of paving enhancements for parking at the new station.

Both Pine Run and Big Knob continue to apply for funding via available local, state, and federal grants. This is essential due to the rising costs of fire apparatus and related operating expenses. Pine Run was just awarded a Miele Manufacturing sponsored Pennsylvania Skill Grant which will be used to purchase and update the portable scene lighting used on our fire apparatus. The departments, in conjunction with the township, are also exploring a \$50,000 grant opportunity, funded by the Beaver County Commissioners, for fire departments committed to merging. A joint Big Knob/Pine Run workshop was held in September to learn more about the merging process and gather questions/comments/concerns from the membership.

Your fire departments continue to work closely together and routinely have joint training programs. We are also launching an interdepartmental fleet committee to develop a strategic plan for the fire apparatus fleet. This will track current inventory, maintenance history, and replacement schedules for all fire apparatus in the township.

Several of our members have recently completed, or are currently engaged, in training courses to supplement their knowledge and skills. We commend them for the extra commitment of time required and their ability to juggle work, family, and, of course, still respond to emergency calls. Please do not hesitate to encourage or thank them when you have the opportunity.

If you have an interest in serving your community in the fire departments, please stop by and speak with our members. Both departments meet on Mondays at 6:30 p.m. except for the second Monday of each month, reserved for our department business meetings.

On November 5th daylight savings time end. Remember to set your clocks back 1 hour AND change the batteries in your smoke and carbon monoxide alarms.

Respectfully submitted,
Big Knob VFD – Station 26
Pine Run VFD – Station 59

HAVE YOUR KIDS OUTGROWN THEIR POWER WHEELS?

One of the most popular events at Community Day for our younger township residents is the Power Wheels Demo Derby. There are two categories, 6 and under and over 6. Many of the kids bring their own Power Wheels. The Recreation Board have Power Wheels for kids to use if they don't have one, but could certainly use more. If you have a Power Wheels machine just sitting around the house that you would like to donate to a good cause, the Recreation Board will put it to good use! Contact the township office at 724-774-7822 and someone from the Recreation Board will pick it up!

Recycling is held at the township building the second and fourth Saturday of each month from 9 am until 12 noon. Thank you to the Big Knob Livestock Club for their continued help and support.

Glass - Clear, Brown, Green Bottles and Jars

- Rinse - remove Styrofoam labels
- Remove metal lids and rings
- Do NOT include auto glass, light bulbs, porcelain, ceramic, plate glass, crystal, or mirrors

Aluminum, Bi-Metal, Aluminum Foil & Tin, Food, Container, and Beverage

- Rinse thoroughly and crush cans

Plastic Bottles and Jugs ONLY

PLEASE REMOVE CAPS

- Rinse thoroughly, remove caps
- Flatten to save space
- Containers must have the three-recycling arrow recycling logo with the numbers 1 or 2 inside it

Newspaper and Cardboard - NO Pizza Boxes!

- Newspaper are to be in paper bags
- No plastic bags
- Corrugated cardboard ONLY

PLEASE RECYCLE CORRECTLY!!!! No furniture or building materials.

PLEASE, PLEASE, PLEASE, if the bins are full, do not put bags and trash on the ground! Anything left on the ground tends to blow around defeating your efforts to recycle!

ORDER YOUR BRICK

The Recreation Board is taking brick orders for landscaping around the gazebo located at Green Valley Park. You can purchase a brick for \$20.00 each in honor of someone or in memory of a loved one. Your donor's name or inscription is literally "Set in Stone" for a lifetime. Emblems are available for an additional \$5.00. If you would like to purchase a brick, forms are available at the township building

SORRY WE ARE CLOSED

The Township Offices will be closed for the following holidays:

Thanksgiving - November 23 & 24

Christmas - December 25 & 26

New Year's Day - January 1

TOWNSHIP'S WINTER MAINTENANCE PROGRAM

With the winter season quickly approaching, we wanted to give a behind the scenes look at the Township's winter maintenance program. Our Road Department consists of a 5-man crew. We have 5 plows and take care of over 50 miles of township roads. The crew is also responsible for the maintenance of the vehicles and plows to ensure everything is ready when needed. A mixture of salt and cinders are used on all Township roads. It takes 2 1/2 - 3 hours each run to apply product to the roads and 4 hours or more, depending on the amount of snow, to plow. Please understand our crew does not care for any state roads, those are maintained by PennDOT.

The Road Crew works around the clock during the winter months to ensure our Township roads are safe and passable and they always do a great job. Do not park on the roads during snow and ice events and no matter the road you drive, please use caution and give the crews plenty of room to do their jobs to help keep us all safe.

RETIREMENT NEWS

CONGRATULATIONS ON YOUR RETIREMENT!

William Burr retired from the Road Department after 44 years of service! We appreciate Bill's hard work and dedication to New Sewickley Township and his pride in keeping our township roads clean and maintained. The Board of Supervisors presented Bill with a retirement plaque during a public meeting. We wish him well in this next chapter.

WELCOME TO THE ROAD DEPARTMENT, MATT!

With the retirement of Mr. Burr, the search for his replacement began. We are proud to have Matthew Dietrick join the Road Department. Matt was raised in New Sewickley and continues to live here today. He is a welcome addition to our team. When you see Matt, please congratulate him on his new career with the township.

CONGRATULATIONS ON YOUR RETIREMENT!

Jeff Lizzi retired as a part-time officer after 15 years of service. Officer Lizzi was always available to help fill-in shifts when needed and continues to work full-time for Rochester Borough. We greatly appreciate his dedication to New Sewickley and wish him well as he finishes his career at Rochester.
